REPRESENTED PARTIES SHOULD ACT THROUGH THEIR ATTORNEY

TO THE HONORABLE ALFREDO R. PEREZ, UNITED STATES BANKRUPTCY JUDGE:

BEBCO ENVIRONMENTAL CONTROLS CORPORATION (“BEBCO” or the “Debtor”) files this Motion to (A) Approve Employment of Auctioneer; (B) Approve the Auction of Certain Assets of The Debtor Free and Clear Of Liens, Claims and Encumbrances, and (C) Approve Related Reli (the “**Auction Sale Motion**”), and in support respectfully represent as follows:

I.
Jurisdiction, Venue, and Authority

1. The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 1334(b). This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2)(A) because it concerns the administration of these Chapter 11 estates. Further, it is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). *See In re Southmark Corp.*, 163 F.3d 925, 930 (5th Cir. 1999) (“[A] proceeding is core under § 157 if it invokes a substantive right provided by title 11 or if it is a proceeding that, by its nature, could arise only in the context of a bankruptcy case.”).

2. Venue of the Chapter 11 Cases and related proceedings is proper in this district pursuant to 28 U.S.C. §§ 1408 and 1409.

3. The bases for the relief requested herein are sections 105(a), 363, and 365 of title 11 of the United States Code, 11 U.S.C. §§ 101-1532 (the “**Bankruptcy Code**”), Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”) 2002 and 6004, and rule 9013-1 of the Bankruptcy Local Rules for the Southern District of Texas (the “**Bankruptcy Local Rules**”).

II.
Background

A. History of Debtors and Events Leading Up to the Bankruptcy Proceedings.

4. BEBCO was organized on December 12, 2012, and commenced operations in

January 2013. BEBCO's main business is the manufacturing and installation of a complete range of industrial HVAC, Pressurization & Room Air Filtration systems. These systems are used in buildings located at refineries where a spark from an air conditioning unit can have grave consequences. BEBCO's systems are specially designed and manufactured to be used in sensitive and dangerous environments.

5. BEBCO also conducts a separate business under the assumed name: "Best Plugging Systems Corporation" which engages in the following described business: the manufacturing and sale of industrial electrical enclosure pressurization and purging units ("Purging Systems Business").

6. For the next seven years prior to COVID, BEBCO's business grew in fits and spurts. During this period, Michael Baucom, BEBCO's sole shareholder and the head of management, supplied BEBCO with its ever-growing capital needs.

7. When COVID occurred, BEBCO's business began to suffer due to a decrease in revenue and supply chain problems. BEBCO borrowed substantial funds from its owner, Mr. Baucom, who financed his homestead to provide BEBCO with its capital needs. BEBCO also borrowed \$150,000.00 from the Small Business Administration, and was forced to forgo payment of withholding taxes, which resulted in the Internal Revenue Service filing tax liens totaling in excess of \$40,000.00.

8. Today, Mr. Baucom has decided to sell BEBCO's main business to a company located in Houston, Texas known as Custom Controls Company ("CCC"). Mr. Baucom looked for a good acquisition candidate, and found CCC after considering several options. However, CCC did not desire to acquire all of the assets of the Debtor. Thus, Debtor decided that an auction of a substantial portion of the remaining assets would be appropriate.

B. The Bankruptcy Filings

9. On August 30, 2024 (the "Petition Date"), BEBCO filed a voluntary chapter 11 proceeding under Subchapter V in the captioned district and division (the "Bankruptcy Case").

10. Along with the filing of the Bankruptcy Case, the Debtor filed this Auction Sale Motion. Debtor also filed a Motion for Authority to use Cash Collateral. Debtor intends to file a motion to sell certain assets used in the manufacture and installation of industrial air filtration systems to a purchaser, Custom Controls Company ("CCC") (the "CCC Sale Motion"). Debtor may also file a motion for approval of a \$50,000 dip financing facility.

11. It is the intention of the Debtor to sell a substantial part of its assets and business to CCC through the Sale Motion, and to sell additional assets pursuant to this Auction Sale Motion. The Debtor also intends to either sell its Purging Systems Business or continue operating said business after the chapter 11 plan is confirmed.

12. It is the intention of the Debtor to file a Plan of Reorganization ("Plan"), which will provide for the use of the proceeds of the sales contemplated in this Auction Sale Motion, the CCC Sale Motion and the sale or operation of the Purging Systems Business to pay off all allowed administrative claims, all allowed, priority claims, all allowed secured claims and, hopefully, to provide a meaningful dividend to creditors with allowed unsecured claims.

13. The sale of the auction assets is intended to be accomplished⁷ by and through a sale pursuant to 11 U.S.C. § 363(f) free and clear of all liens, claims and encumbrances, including the liens or interests, if any, of the Debtor's landlord, the secured claim of the IRS and the secured claim of the SBA, with the liens of said creditors, if any, to attach to the proceeds of sale..

14. The Debtor submits that the contemplated auction sale will facilitate a process that maximizes the value of the Debtor's bankruptcy estate for all stakeholders. The Debtor submits that the contemplated auction procedures are reasonable and customarily approved in this jurisdiction under similar circumstances.

15. Debtor also alleges that employment of the auctioneer and the auction of assets are in the best interests of the Debtor and its bankruptcy estate and its various constituencies of secured and unsecured creditors.

16. Finally, Debtor believes that in entering into the auction sale process, management of Debtor is exercising prudent business judgment.

III. Relief Requested

17. **Approval of the Auction Sale Contract.** Debtor requests authority from the Court to enter into the Agreement and Understanding Between Plant & Machinery, Inc. ("PMI") and BEBCO Environmental Controls Corporation ("Auction Sale Contract"), a true and correct copy of which is attached hereto as **Exhibit "1"** and is incorporated herein for all purposes.

18. Some of the important provisions of the Auction Sale Contract are set forth below:

- a. PMI will conduct an online only "timed event" auction in which PMI will act as sales agent on behalf of the Debtor.
- b. The auction will take place at the Debtor's facility located at Lawndale, La Marque, TX 77568 (the "Facility"), generally described as: Fabrication machinery, paint & blast booths, indu oven, Toyota forklift, related machine accessories, shop support equipment, parts inventory, pallet racks, etc., as set forth in the Manifest of Auction Assets attached hereto as **Exhibit "2"** and incorporated herein for all purposes (the "Auction Sale Assets").
- c. PMI will charge the Debtor for actual expenses in direct connection with the auction sale, which PMI estimate to be a total amount of \$31,578 and are detailed on the attached Exhibit A to the Auction Sale Agreement. This amount is an estimate only, but will not vary by more than 10%. PMI has advised that when the above monies are properly spent, it will result in value added to the sale, reflected in the final sales proceeds, and therefore minimize the actual cost to the Debtor.
- d. PMI shall advance the expense monies set out in the aforesaid budget and that it will deduct the expense monies properly paid by PMI and detailed at the time of settlement.
- e. PMI will charge and retain from buyers at the auction a buyer's premium of 15%. Bidspotter.com will provide third party webcast auction services, and

successful online purchasers will pay an additional 3% buyer's premium as the fee for using that service. (i.e. 18% in total). PMI will be responsible for remitting to Bidspotter.com their share of the buyer's premium collected. All remaining proceeds from the sale of the TPP shall be immediately deposited by PMI in a separate and segregated account for the benefit of the Debtor.

- f. PMI will act on behalf of the Debtor as a turn-key service provider handling all aspects of the sale, as listed in the attached Auction Sales Contract.

19. Debtor will require that PMI prepare for filing with the Court a document describing the results of the auction.

20. Debtor seeks Court approval of the Auction Sale Contract and the employment of PMI as the Debtor's authorized auctioneer.

21. PMI has executed a declaration in support of this Motion, which is attached hereto as **Exhibit "3"**, and incorporated herein by reference.

22. **Noticing Procedures.** Within three Business Days after entry of the order on the Expedite Motion, Debtor shall serve upon the following parties-in-interest the order approving the Expedite Motion and the Auction Sale Motion and proposed order with exhibits by U.S. First Class Mail, postage prepaid: (i) parties who have requested notice in these bankruptcy cases; (ii) all known taxing authorities to which the Debtor is subject; (iii) all entities known or reasonably believed to have asserted a lien on any Purchased Assets; (iv) those entities and individuals appearing on the Debtors' creditor matrix; (v) all federal and state agencies that regulate any portion of the Debtor's business, (vi) the United States Trustee; and (vii) the Chapter V Trustee (the "**Sale Notice Parties**").

23. **Sale Free and Clear of Liens, Claims and Encumbrances.** Debtor seeks an order approving the sale of all of the Debtors' right, title and interest in and to the Auction Sale Assets free and clear of any and all pledges, liens, security interests, encumbrances, claims, charges, options and interests thereon (collectively, the "**Interests**"), including, but not limited to, any such

Interests held by the Debtor's landlord, the SBA and/or the IRS to the maximum extent permitted by section 363 of the Bankruptcy Code, with such Interests to attach to the net proceeds of the sale of the Assets with the same validity and priority.

24. **As Is, Where Is.** The sale of the Auction Sale Assets shall be on an "as is, where is" basis and without representations or warranties of any kind, nature or description by the Debtor, its agents or its their estate, except as provided in any agreement with respect to the transactions approved by the Court.

IV.

Waiver of Bankruptcy Rules 6004(a), 6004(h), and 6006(d)

25. To implement successfully the relief sought herein, the Debtor requests that the Court find that notice of this Sale Motion is adequate under Bankruptcy Rule 6004(a) under the circumstances. The Debtor also requests that the Court waive the stay imposed by Bankruptcy Rule 6004(h), which provides that "[a]n order authorizing the use, sale, or lease of property other than cash collateral is stayed until the expiration of 14 days after entry of the order, unless the court orders otherwise." Fed. R. Bankr. P. 6004(h). The Debtors further request that the Court waive the stay imposed by Bankruptcy Rule 6006(d), which provides that an "order authorizing the trustee to assign an executory contract or unexpired lease under section 365(f) is stayed until the expiration of 14 days after the entry of the order, unless the court orders otherwise." Fed. R. Bankr. P. 6006(d).

26. The proposed auction sale transaction should be consummated as soon as practicable to allow the Debtor to maximize value for its bankruptcy estate and stakeholders. Accordingly, the Debtor requests that the Auction Sale Order be effective immediately upon entry and that the 14-day stay imposed by Bankruptcy Rules 6004(h) and 6006(d) be waived.

V.

Conclusion

WHEREFORE, Debtor prays that the Court (i) approve entry into the APA attached hereto as Exhibit “1”; (ii) approve the sale of the Auction Sale Assets free and clear of liens, claims and encumbrances; (iii) schedule a hearing to approve the Auction Sale Motion; and (iv) grant such other relief to which the Debtors are entitled.

Respectfully submitted this 30th day of August 2024.

AND BEBCO ENVIRONMENTAL CONTROL CORPORATION**

On or about July 31, 2024, Plant & Machinery, Inc. (PMI) will conduct an online only "timed event" auction in which PMI will act as sales agent on behalf of Bebcos Environmental Control Corporation (BEBCO), P.O. Box 68, Hitchcock, TX 77563 (hereinafter referred to as BEBCO) of the designated surplus tangible personal property (TPP) located at the BEBCO facility at 4725 Lawndale, La Marque, TX 77568 (the "Facility"), generally described as: Fabrication machinery, paint & blast booths, industrial oven, Toyota forklift, related machine accessories, shop support equipment, parts inventory, pallet racks, etc., all as shown to our Robert Brundage & Ron Moore on Tuesday, June 25, 2024.

PMI will charge BEBCO for actual expenses in direct connection with the auction sale, which we estimate to be a total amount of \$31,578 and are detailed on the attached Exhibit A. This amount is an estimate only, but will not vary by more than 10%. We believe that when the above monies are properly spent, it will result in value added to the sale, reflected in the final sales proceeds, and therefore minimize the actual cost to BEBCO.

It is further agreed by the parties that PMI shall advance the expense monies set out in the aforesaid budget and that it will deduct the expense monies properly paid by PMI and detailed at the time of settlement.

PMI will charge and retain from buyers at the auction a buyer's premium of 15%. Bidspotter.com will provide third party webcast auction services, and successful online purchasers will pay an additional 3% buyer's premium as the fee for using that service. (i.e. 18% in total). PMI will be responsible for remitting Bidspotter.com their share of the buyer's premium collected. All remaining proceeds from the sale of the TPP shall be immediately deposited by PMI in a separate and segregated account for the benefit of BEBCO.

PMI will act on behalf of BEBCO as a turn-key service provider handling all aspects of the auction sale, as listed below;

1. **SITE PREPARATION AND SUPERVISION OF SITE CLEARANCE:** PMI will provide an on-site sales coordinator (Leadman) for the cataloging of the TPP and to direct his team in the cleanup, preparation and merchandising of the TPP for sale. A PMI Leadman will then return to the site for inspection and auction days, and remain on-site to oversee removal of the TPP.
2. **ASSET INVENTORYING:** PMI personnel will describe the various lots to be auctioned. PMI will assume the responsibility for the dictation and preparation of all computer entries of lot numbers and lot descriptions which will then be used to prepare advertising, to publish catalogs for the sale, and also to print invoices

to all buyers. Some assistance with technical descriptions may be sought from BEBCO staff.

3. **MARKETING:** PMI advertising people will photograph the TPP, prepare detailed descriptions and assemble other pertinent information for advertising.

4. **ADVERTISING SPECIFICS:**

A. **PRINT MEDIA:** Advertising will include direct mail brochures sent to potential customers. We will advertise in applicable trade journals and area newspaper media.

B. **ELECTRONIC MEDIA:** Digital brochures will be downloadable from the calendar web page created for this auction. Colorful and informative HTML ads will be sent via an email campaign, all containing directing links and associated keywords from the auction including brand names, equipment types, etc.

5. **ADVERTISING FOLLOW-UP:** PMI further will engage in a telephone marketing campaign to provide a personal touch to invitations for participation to the most serious bidders.

6. **CONDUCT OF SALE:** PMI will provide auctioneers on sale day as well as support personnel for registration, recording the auction, invoicing, collections, etc.

7. **COLLECTIONS AND REMITTANCES:** PMI will collect all auction proceeds and charge and collect from buyers at the auction all applicable sales taxes and remit those taxes to the appropriate entity. PMI will prepare and process all reporting forms, certificates, reports and other documentation required in connection with the payment of all applicable sales taxes with respect to the sale of the TPP. PMI will provide BEBCO with a detailed accounting and disbursement of final net proceeds within twenty (20) banking days after the auction of the TPP.

It is understood that BEBCO will continue to bear the expenses of rent, storage, utilities, waste collection, security, and any required insurance throughout the auction process.

It is also understood and agreed that the continued responsibility for the handling, sale, and disposal of any hazardous or toxic waste lies with parties other than PMI, and that PMI shall assume no responsibility or liability for the handling or disposal of the same. BEBCO will be responsible for the eventual disposal of any fluids removed from the TPP.

All TPP will be sold on an "AS IS" and "WHERE IS" condition, without any warranties, representations or guaranties except those to PMI contained herein. Until the final auction settlement has occurred, BEBCO hereby agrees that PMI shall have the sole and exclusive right to sell the TPP located at the Facility, at public auction, without reserve, to the highest bidder regardless of price, and to have the expense-free use of the Facility to conduct the auction and arrange for the removal of items sold. BEBCO represents that such occupancy will be granted by its signing of this agreement. PMI's Leadman will have access to the facility to perform his duties.

PMI comes on-site with insurance coverage of \$11,000,000 for general liability, and BEBCO will automatically be added as an additional insured on the policy.

If applicable, BEBCO warrants that it will be responsible for and will have taken all necessary steps to give any legally required notice of the auction sale as required by law to all interested and concerned parties, and that it will have taken all actions necessary to comply with any applicable laws or the terms of any applicable lending and security documents if the same should exist.

As a matter of Texas law, we are required to advise you that should you have any complaints to be made to the Texas Department of Licensing and Regulation in connection with this company or its' auctioneers, said department's address and phone number are P.O.
